

The

# EVO ELEMENT™

## **EVO**lution of light

This part of the name presents the continuity of the EVO-family fixtures. Their iconic design, true tungsten emulated light sources and all great features of latest Portman fixtures.

*It is what you love from the past together with everything you need today.*

## **ELEMENT**

This part of the name is intended to indicate the modularity of the new device, and the possibility of combining it and building unique structures.

*This is the solution that many Lighting Designers and our Customers have been asking for.*
