The new professional hazer

The JEM Hazer Pro™ is a top of the range haze machine designed for the highly demanding professional market.

It's ability to produce exceptionally fine atmospheric haze in a short period of time while operating at low noise levels makes it an ideal choice for rental houses, medium to large shows, theatres, TV studios, clubs, bars, cruise ships, theme parks and more.

Robust yet small and lightweight, the JEM Hazer Pro is capable of dispersing an even, continuous haze with superior optical clarity and reflectivity, the perfect small-particle haze for highlighting today's highly defined light beams. A high-quality air pump system ensures smooth distribution while a unique mixing channel allows the haze to optimize before being expelled.

- **Finest haze production in its class**
- **Water-based fluid with long hang time**
- **Battery powered automatic shutdown prevents clogging**

- Low noise
- Lightweight
- Variable haze and fan controls with 1% increments
- 2.5 liter fluid capacity - 10 hours on full output
- Standard C+ Haze fluid
- Advanced Pump Technology
- Plug-and-play with programmable fast-access keys
- User-friendly on-board control panel with preset functionality
- Short warm up time

Specifications

Physical

Length: 565 mm (22.2 in.)

Width: 269 mm (10.6 in.)

Height: 298 mm (11.7 in.)

Dry weight: 15 kg (33.1 lbs.)

Performance

Operating time: Continuous

Warm-up time (approx.): 6 minutes

Maximum operating time at minimum output with 2.5 l fluid: 65 hours

Maximum operating time at maximum output with 2.5L fluid: 10.5 hours

Control and Programming

Control options: Onboard control panel, DMX, optional digital remote control

Control options: Instant or timer-controlled output, 0-100% adjustable output level

Control options: Adjustable Fan Speed Level

DMX channels: 3

DMX compliance: USITT DMX512-A

RDM compliance: ANSI/ESTA E1.20

Construction

Housing: Steel & aluminum

Heat exchanger: 600 W, direct thermal protection

Fluid System

Fluid pump: Oscillating piston, high pressure

Onboard fluid capacity: 2.5 l

Compatible Fluids: JEM C-Plus Haze Fluid™ only

Installation

Orientation: Floor or flying kit

Connections

Power connection: Neutrik PowerCon

DMX data: 3-pin and 5-pin XLR sockets

Remote control: 3-pin locking XLR

Electrical

AC power (EU models): 220-240 V nominal, 50 Hz

AC power (US models): 110-120 V nominal, 60 Hz

Main fuse (220-240 V power): 6.3 AT

Main fuse (110-120 V power): 10 AT

Typical Power and Current

US model

120 V, 60 Hz: 675 W, 6.0 A

EU model

230 V, 50 Hz: 675 W, 3.1 A

Measurements made at nominal voltage. Allow for a deviation of +/- 10%.

Thermal

Maximum ambient temperature (Ta max.): 40° C (104° F)

Exterior surface temperature, steady state: 30° C (86° F)

Max. nozzle temperature: 290° C (554° F)

Approvals

EU EMC: EN 61000-6-3:2001

EU safety: EN 60 335-1:2002

Immunity: EN 50 366: 2003 Electromagnetic fields, EN 61000-6-1: 2001

US safety (pending): UL 998

Canadian safety (pending): CSA C22.2 No. 104-01

Included Items

Power cable, 1.5 m, without mains plug

Fluid container, 2.5 l

Accessories

Multifunction Digital Remote Control, JEM Hazer Pro™: P/N 92765041

Flying Kit, JEM Hazer Pro™: P/N 92610002

Ordering Information

JEM Hazer Pro™, US Model, 120 V: P/N 92225945

JEM Hazer Pro™, EU Model, 230 V: P/N 92225940
